08/Nov/2021	William Joseph	Hazard	2016	SSBN-643, SSBN-641	Qualified in submarines on the USS George Bancroft (SSBN-643) in 1973 and was a FTCS(SS) when he left the Navy. William "Bill" Joseph Hazard, age 70, of Philadelphia, Pennsylvania, passed away peacefully in his home on Monday, November 8, 2021. Bill succumbed to his illness after a tireless battle with Pulmonary Fibrosis due to his passionate career on Submarines. Bill is survived by his "Baby Doll" Yvonne Marie(Stark) Hazard to whom he was married for 38 years. Bill was the proud father of Jessica Nicole Hazard, 40, Justin Hayward Hazard, 39 (Molly), Jonathan William Hazard, 35 and Jacob Ryan Hazard, 34,(Bethany). Bill was an even prouder grandfather to Austin Dale Hazard, Ashlynn Marie Hazard, Benjamin William Hazard, Eleanor Hazard, Theodore Hazard, and Nolan Cole Hazard. Bill was also a beloved Uncle "Bill Bill" to Yvette Rene' (Andre') Watson, Michael Desmond Billingsley,(Kristen), Kerstin Leigh Cassell (Daniel), James David Billingsley, (Kayla), Anthony Vincent Onesti, (Sherry) Madelyn Elise Onesti, and Braden Vincent Onesti, and a network of extended family and friends across the globe. Bill joined the Navy after high school in 1969 in the midst of the Vietnam War. During Bill's 20 year career as a Fire Control Technician, Submariner, he rose to the rank of Senior Chief Petty Officer and deployed multiple times around the world on the USS George Bancroft (SSBN 643) and the USS Simon Bolivar (SSBN 641). Bill absolutely loved serving onboard Submarines and maintained close relationships with his Shipmates and fellow Sailors throughout his life, continuously staying involved in the Naval community long after retirement. Bill's civilian career began in 1989 when he went to work for Lockheed Martin (GE/Martin Marietta) in Syracuse, New York where he met and worked with many outstanding people for 18 years. Searching for a challenge, Bill took a job with Raytheon in Boston, where he met and worked with many talented people until he retired in 2014. Bill became a father a little later in life but loved it with his whole heart. Bill and his boys traveled all over to college football games. The whole Hazard family bleeds orange, unless SU is playing Notre Dame, then all bets are off! The whole family drove out to Notre Dame a couple times and a great memory for all was the kids helping paint the players helmets gold. All of the kids had paper routes and Bill often ran along with them riding their bikes delivering papers. Or on Sunday, when the newspapers were huge, Bill drove them to deliver their route and then shared breakfast at the local diner. Bill was a father figure to many that either didn't have a father or had one that perhaps, wasn't what they needed. Bill was a Patriarch of the entire family, and as one of the kids friends stated: "Growing up, he had that way about him where he commanded respect without being intimidating to a little kid. A balance many struggle with". That was Bill in a nutshell. Throughout their 7 years in Massachusetts, Bill and Yvonne lived in Haverhill and enjoyed traveling in their RV a bit before settling into their home in Norfolk, Virginia in 2015

10/Jun/2019	Stephen D.	Sudkamp	1994	SSN-606, SSN-670, SSN-575, SSN-689, & SSBN-625	Captain Stephen D. Sudkamp, USN (Ret.) passed away on 10 June 2019 surrounded by his family. He was 67 years old. A native of Madison, Wisconsin, Steve entered the U.S. Naval Academy in 1969 as a proud member of the 17th Company. "Suds" guided his fellow midshipmen in the finer points of engineering and nuclear power, while earning his B.S. in Mechanical Engineering. After graduating with the Class of 1973, Suds served 30 years on active duty as a nuclear submariner. During his twenty years with the submarine force he spent time underneath the Atlantic and Pacific oceans, along with the Mediterranean and Caribbean seas. He honorably served as engineer of SEAWOLF (SSN-575) and XO for BATON ROUGE (SSN-689). During his command tour on HENRY CLAY (Blue) (SSBN-625), he led the consolidation of the crews and decommissioning following the end of the Cold War. He earned the Battle "E" on SEAWOLF and HENRY CLAY. He also served on TINOSA (SSN-606), FINBACK (SSN-670). Post-command, he transitioned to positions in communications, becoming J6 for U.S. Forces Japan, leading Y2K efforts. He retired after being the deputy J6 for Strategic Command, where he was stationed on 11 September 2001, and provided support to President George W. Bush. In 1997, he earned a Masters of Business Administration from Auburn University-Montgomery and was inducted into Phi Kappa Phi Honor Society. Following retirement, Steve moved to Virginia Beach, and worked for Johns Hopkins University-Applied Physics Lab, still focusing on communications, radar, and satellite technology. In 2016, he settled into "full-retirement." He filled his time volunteering at the local children's hospital, tutoring engineering students, and actively participating in HENRY CLAY crew reunions. Steve is survived by his wife of almost 39 years, Gail, his two daughters Karen and Julia, his brother Thomas, and their families; his son Gregory preceded Steve in death. Throughout his life, he showed his family the world and instilled independence, a love of travel, acceptance of new adventures, and emphasized the importance of an open and giving heart.
30/Apr/2019	Steve	Sokolowski	1995	SS-274 & SSN-585	Steven Sokolowski was born on May 17, 1930 and passed away on Tuesday, April 30, 2019. Steve also had the pleasure of his Australian family being three step-daughters, Emma, Natalie, and Alyshia, son-in-laws, Shaun and Brad and grandchildren, Akasha, Caleb, Charlie, Jack, Ethan, and Eboney. Steve had a wonderful life full of adventure both on the sea and the land. He was extremely proud of his Navy Career, retiring as a Lieutenant after 23 years of service and loved spending his time on submarines. He also volunteered with the American Red Cross with particular mention of his aid during September 11 at Ground Zero. When he wasn't traveling with Ann, you could find him reading, watching FOX News, spending time at American Legion Post 110, or debating politics. At night you would find Steve in HIS chair in HIS den enjoying what he liked to refer to as "an adult beverage." Steven qualified in submarines on the USS Rock (SS-274) in 1956, also served aboard USS SKIPJACK (SSN-585). He went to OCS when he could not advance to Chief because the rating was full and closed and he was a LT when he left the Navy. There were times in Steve's life where you could say he's cheated death, after catching diphtheria, after getting caught in a riptide, and after choosing to go to school instead of joining the crew of the USS Thresher, which was a major submarine disaster ending the lives of all aboard. He started to enjoy everything he wanted out of life, along with his wife. They had visited nearly the entire United States and caught breath-taking views in helicopter rides.
